HOLISTIC HEALTH AND WELLNESS REQUIRES BALANCE WITH THE WESTERN WAY OF LIFE AND OUR SCHELANGEN

- PHYSICAL
  - WE return to the old ways as urged by Native American doctors to cure a population hit by chronic disease.

- MENTAL
  - WE integrate and respect our Schelangen (way of life) and the Western Science; becoming aware that the power of who we are and where we come from, our traditional place names, treaties, Indian laws, & proclamations have the power to protect mother earth for generations to come.

- SPIRITUAL
  - WE address the underlying wounded spirit from loss of land, language, traditions and cultural identity by returning to the ancestral lands of our people.

- EMOTIONAL
  - WE address the underlying wounded spirit from loss of land, language, traditions and cultural identity by returning to the ancestral lands of our people.
